

It is all for our  
dry skins

# DEXERYL<sup>®</sup>

DERMATOLOGICAL EXPERTISE

## CLEANSING OIL

The dermatological expertise  
your dry skin needs

MADE IN FRANCE

CLINICAL STUDY

## METHODOLOGY

Open, monocenter study under  
dermatological, pediatric and  
ophthalmological control

**43 patients:**  
**babies, children, adults**  
**with mild atopic dermatitis**  
**( $15 \leq \text{SCORAD} \leq 25$ )**  
**and dry or very dry skin**  
**(xerosis  $> 1$  and at least 30%**  
**of subjects with xerosis  $> 2$ )**  
**and out of flare**

**1 to 2 times/day for 3 weeks**  
**with 3 visits (D1, D15, D22)**

NO CHANGE OF CARE DAILY ROUTINE  
STARTED 2 WEEKS BEFORE  
NO ADDITIONNAL TREATMENT

# DEXERYL<sup>®</sup>

DERMATOLOGICAL EXPERTISE

100%

agreed that DEXERYL Cleansing Oil has a convenient packaging and ensuring a good dosage

100%

agreed that Dexeryl Cleansing Oil cleans gently

98%

agreed the skin is nourished intensively immediatly after application

95%

agreed that their skin is protected lastingly after 21 days

93%

agreed that their skin is moisturized after 21 days

\*TUC : n=93    \*\* Clinical Study : n=43

# DEXERYL®

DERMATOLOGICAL EXPERTISE

CLEANSING, SOOTHING,  
LIPID-REPLENISHING FOR VERY  
DRY TO ATOPIC PRONE-SKIN

**ANTI-SCRATCHING**  
Stops itching due to skin dryness

2 active ingredients:

- **Glycerol:** moisturizing effect
- **Glycyrrhetic acid:** soothing effect

From birth

Excellent  
skin and eye  
tolerance  
(does not sting eyes)

Physiological  
pH

Face, body and  
intimate areas

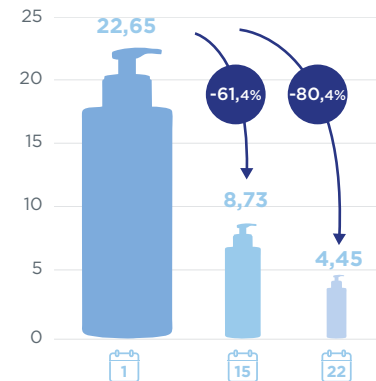

Overall satisfaction: **100%**  
Effective from 1<sup>st</sup> use

*p* = statistically highly significant ( $P < 0.05$ , versus T0)

EFFICACY PROVEN  
IN A CLINICAL STUDY

SCORAD

**74%**  
of patients  
included <11 years

**80%**  
use it  
twice a day

➤ **Significant reduction of SCORAD**  
mainly related to Xerosis and Pruritus  
at D15 and D22

➤ **-100% of Pruritus from D15**

# DAILY PROGRAM

MADE IN FRANCE

Very dry and atopic prone-skin

Anti-scratching: stops itching due to skin dryness in 15 days

Fragrance and soap free

From birth

Proven efficacy in 9 clinical studies

Deep and sustainable moisturizing effect

Restores skin barrier function

Affordable for long-term therapy

**HYGIENE**  
COSMETIC

**CARE**  
MEDICAL DEVICE

DERMATOLOGICAL EXPERTISE

3  
ESSENTIAL  
INGREDIENTS

UNIQUE FORMULA TREATS  
THE SYMPTOMS OF DRY  
AND ATOPIC SKIN

Sustainably moisturizes the skin by creating  
a water reservoir and a film-forming protection<sup>1</sup>

&

Restores the skin barrier by creating a favorable  
environment for enabling a natural production  
of essential skin lipids & rebalance their composition<sup>12</sup>

## EVIDENCE BASED MEDICINE IN A LOT OF TYPES OF SKIN DISEASES

### PROVEN EFFICACY

1356 patients included / 9 clinical trials

#### ATOPIC DERMATITIS<sup>3,4,5</sup>

**50%** significant reduction of the  
number of flares over 12 weeks\*\*

J. EUR. ACAD. DERMATOL. VENEROL. 2014 & 2018  
PED. DERMATOL. 2017

#### DIABETIC FOOT<sup>8</sup>

**41%** reduction of XAS score\*\*  
at D28

J. EUR. ACAD. DERMATOL. VENEROL. 2017

#### SENILE XEROSIS<sup>9</sup>

**54%** patients without signs  
of xerosis at D28

G. ITAL DERMATOL VENEROL 2015

#### XEROSIS IN SKIN OF COLOR<sup>10</sup>

**80%** reduction of the xerosis  
after 8 weeks

INT. J. DERMATOL. 2017

#### ICHTHYOSIS<sup>7</sup>

**60%** patients with a reduction  
of the SRRC score<sup>7</sup> by at least  
50% at D28

J. EUR. ACAD. DERMATOL. VENEROL. 2012

#### UREMIC XEROSIS<sup>6</sup>

**73%** patients with a reduction  
of uremic xerosis score of at  
least 2 points (on a clinical score of 5  
points at D7)

CLIN AM SOC NEPHROL 2011

#### RADIATION DERMATITIS<sup>11</sup>

Significant reduction of  
the severity of erythema  
compared to reference product

\* SRRC score : Scaling, Roughness, Redness, Cracks/fissures. \*\* Xerosis Assessment Scale.

DEXERYL® cream Medical Device • What DEXERYL® cream contains: Glycerol, white soft paraffin, liquid paraffin, glycerol monostearate, stearic acid, dimethicone, macrogol 600, trolamin, acrylamide/acryloyldimethyl taurate copolymer, isohexadecane, polysorbate, pentylene glycol, ethylhexylglycerin, carbomer, purified water. Tubes of 250 g and 50 g. What DEXERYL® cream is used for: - As a skin protection cream for the treatment of signs and symptoms of skin dryness (xerosis) especially in various skin diseases (such as atopic dermatitis, Ichthyosis...) and erythema induced by radiotherapy. From birth. How DEXERYL® cream acts on the skin? DEXERYL® cream is formulated for the treatment of signs and symptoms of skin dryness (xerosis): - The filmogenic effect of white soft paraffin and liquid paraffin which: • physically inhibits evaporation thus preventing dehydration (water loss), • has a barrier effect against external damage; - In addition, the hydrating effect of glycerol helps to maintain the balance of moisture in the skin. Thanks to its formulation, DEXERYL® cream also reduces and helps to prevent irritation. How to use DEXERYL® cream? Cream for external use only. Apply a thin layer of cream to the skin area to be treated once or twice daily, or more frequently if necessary but never more than 6 times daily. Always close the tube tightly after use. When not to use DEXERYL® cream? Do not apply if you are allergic to any of the ingredients. Considering the lack of relevant information, it is preferable not to use the cream in conjunction with other topically applied products. If in any doubt, ask a health professional for advice. Warnings and special instructions for use: • Do not apply on wounds, mucous membranes and eyes. • Do not swallow. • Keep out of the reach of children. Tell your health professional about any undesirable side effects. If you have reason to believe that a serious incident occurred linked to the use of this product, please report it to your national authority and to the manufacturer. Special precautions for storage: Do not store above 30 °C. Do not use after the expiry date shown on the tube. Once opened, use within 6 months. CE mark year: 2018. Last update of the leaflet: 03/2021. DEXERYL® Cleansing Cream: Gently cleanses, moisturizes, helps to protect skin dehydration. Very dry skin and atopic prone skin. This material was developed in compliance with the IFPPMA code. Registration conditions and prescribing information may vary per country. Therefore, before prescribing any product, Health Care Providers must refer to their country's prescribing information. Pierre Fabre Médicament, Lavaur, France
